My Statement to the Media

by Tom Ford

"We are going to help finance you."

This was the words that Mazzachelli told me. HILFON would be financed to the tune of between \$5 million to 10 million dollars a year by wire transfer by Israel. HILFON would have access to the money via bank lines of credit that would not have to be reported as income since they were technically bank loans.

Mazzachelli went further and told me that he wasn't alone, that over the last several years Israeli intelligence in preparation to contact me had purchased five homes in my development and placed five families of agents in them to look over and protect me. He also told me that the Russians had one agent and his family in the development to keep an eye on me. (I know who that person is).

HILFON and myself would be the final link in the nationwide chain of researchers and organizations. We would be the spearhead because of the continuous activity on the island and all the recent UFO crashes. He admonished me that there would be dangers. He stressed that the politicians out here considered me a problem and all their eyes were on me dead.

He went on to tell me that with the South Haven Park UFO Crash HILFON had caused the local authorities plenty of problems with initiating a massive cover-up.

Pg 2

of the incident. They had to get policemen, firemen and residents who were there that night to agree to strict silence. They also had to alterate or erase government records, all tapes and radio transmissions recordings for both fire and police calls. It was a massive undertaking. They blamed me for it. They wanted Revenge.

I am a Master Assassin

He told me during the course of the briefing that we had a force of 30 agents, mostly Israeli Special Forces, in the neighborhood to protect me.

He then said, "I am a master assassin with close to 200 kills to my credit. I am a martial arts master and my hands are lethal weapons." He went on further, "I will be your personal body guard during this whole operation."

There were he said active contracts on me and also Federal assassins would also be involved in trying to kill me. Majestic 12 was involved and this was at the request of the local officials.

It scared me. I recalled Preston's accident, my near accident, and the steering problem were all attempts on my life or Preston Nichols. He told me that there was protection on him right now.

After this conversation I was speechless and in a state of shock.

Pg 3

The Invasion is Over except for the ---

The conversation swung back to the topic of the Alien presence. He told me in matter of fact terms that with the treaty the U.S. signed we had gotten ourselves into some fine mess. The invasion was over except for the screaming.

The United States attempted to take advantage of the Aliens which resulted in a artificial of distrust by both sides. This has led to a situation where:

1) The U.S. and the Aliens are in a adversarial condition, but still have a working relationship to some degree.

2) The U.S. is knocking down some of their ships to garnish technology from them because the Aliens have deliberately withheld aspects of their technology concerning the operation of their propulsion system from the U.S.

3) The aliens have established far greater number of bases on Earth than called for and have expanded their bases to include every major land mass on Earth. This is what has caused the international reaction to the U.S. Coverup.

4) The organization Majestic 12 was at first composed just of military personnel. As the time passed and the interaction with the aliens has increased, wealthy financiers, corporate Presidents and leading politicians have interacted and made secret agreements with the Aliens. Such organizations such as the Tri lateral Commission, the Bilderberg,

The Council on Foreign Affairs and the New World Order have entered into co-operating agreements with Aliens.

- 5) The Aliens in the long term are moving to establish ~~on~~ a permanent presence on Earth and from their to a permanent colony. The Continent of Africa has been set up as the designated land mass for colonization.
- 6) The AIDS virus was created by the Aliens along with the Ebola virus to eliminate the population of Sub-Saharan Africa. Already the adult populations in some countries (Tanzania, Congo, Uganda) have been infected up to as much as 35%. Projections indicate that the figure will reach as much as 65% by 2015. The disease is already rampant throughout much of Africa as it is (the Congo, where it originated, the public health service can not cope with the patients it already has) and is out of control.
- 7) Much of the political unrest in Africa as of now will continue for the rest of the decade as political manipulation is carried out by the U.S. to set up leaders and governments that will be acceptable to the Alien presence.
- 8) The military and part of the intelligence community are against the treaty and are working with the international coalition to defeat the treaty. The militia movements have been started by the military intelligence communities.

Pg 5

to preserve the right to bear arms and to set up a nucleus of trained personnel for when the aliens make themselves known on Earth. Confiscation of private arms will be ordered.

- 9) We are slowly being conditioned and prepared for the event. The recent UFO sighting of a mile long object (boomerang) over Phoenix, Arizona is the beginning as such events will start occurring all around the world and in broad daylight and eventually in such a way that even the most skeptical will not doubt the existence of these craft.
- 10) The earth has less than seven years before they make themselves known. When it does happen all hell will break loose on our planet as those nations oppose to their presence will begin to resist. There may be the beginning of such alignments as some of the former Communist nations of Eastern Europe seek the protection of NATO membership, etc. others seek to produce nuclear weapons of their own.
- 11) I have agreed to undertake a 15 to 25 year mission to help prepare and warn the people of the Alien mission and presence and to break the treaty that our Government can not as of now break. When that happens it will be of such a nature that the whole world will know the truth.

This is my last mission, I have accepted it for the good of my country and mankind. The present difficulties are only the beginning.

After the introduction and the briefing he promised to drop by later that evening and talk to me after he picked up his girl friend from her job.

That evening he returned and was accompanied by Sal. The fact Sal was there meant that this was going to be an important meeting. Sal was a full colonel in Israel's intelligence and was Mazzuchelli's superior in charge of the whole operation.

It began:

1) LILTON would have the support of the full resources of 41 nations and their military and intelligence services. We would be passed the information from each nation on UFO activity and UFO intelligence (documents, Gov't reports etc.)

2) LILTON would be able to tap into the computer nets of Norad, the FBI and CIA to gain access through computer codes to secret files on the UFO coverup. We would be allowed 25 minutes access, but we could not download the material.

3) I was told that Majestic 12 was more powerful than the Presidency of the United States of America. That it could literally by its authority supersede any executive order or decision in the interests of National Security to maintain the UFO Coverup.

I was also told the heart breaking story that John F. Kennedy's assassination was orchestrated and directed by Majestic 12 when

Part IV

Pg 7

it was learnt by Kennedy that, that part of the CIA which was responsible for maintaining and reporting to Majestic on the Coverup was also responsible for killing Kennedy when he learned they were behind the sale of drugs to the American people in order to finance the Coverup and Alien Contact program.

It is an historical fact that days before Kennedy died he had signed an executive order removing control of covert operations from the CIA back to Army G-2 intelligence. Three days after Kennedy's death Johnson revoked the order.

Kennedy had plans to announce to the American people in his January 1964 ~~yearly~~ yearly report to Congress the alien presence on earth, the coverup and the financing of it. He was a martyr to the cause of truth and freedom.

Ever since Kennedy's death ~~the~~ every American President has had to live in fear lest he reveal the secret or he too would suffer a similar fate. President Nixon revealed to Jackie Gleason by taking him to a classified location an alien space ship and the bodies of its crew. Nixon's Watergate problems were exacerbated by friends of the Majestic 12 Committee to discredit Nixon lest he reveal any further information. Some of the Congressmen who voted to impeach Nixon did so on orders from Majestic 12. His political career was finished and stored before the American people in disgrace. Who would believe anything the man had to say.

4) I was also told at this meeting that very soon very serious attempts would be orchestrated by the local politicians (Anthony Gazzola and John Powell), that through the FBI's counter-intelligence Corps through Justice Dept. Wiretaps on their phones that on orders from John Powell several local hoodlums and drug addicts were being retained by Anthony Gazzola together kill or maim me so that I would not be able to reveal anything on the Forest Fires.

5) Local politicians believed we had the documentation on the Fires that would implicate leading political figures. I was to be eliminated. (This was emphasized continuously to me)

6) In addition, I was told that in several weeks that a high level meeting between me and the local supervisors of the Mossad would occur where I would receive an in depth briefing on both the UFO Coverup and the Alien Presence. I would receive microfiches of hundreds of Ultra Secret documents on the UFO Coverup and briefing papers both current and historical. There would be films of UFO recoveries, alien bodies, interiors of the ships, the propulsion systems, power sources, list of witnesses to the South Haven Park case and all information on 1989 Moriches Bay Crash.

7) At this meeting, the first of many millions of dollars would be transferred to WILSON through credit cards with million dollar credit limits, lines of credit with banks for millions of dollars

Page 9

and an actual cash transfer of 5.5 million in steamer funds. In total WILSON would receive from the Mossad and the CIA's black budget fund 10.5 million dollars per year for the next twenty five years.

My reaction to all of this was stunned amazement. Fash of both Joe and Sal why I and WILSON were chosen for this.

The following reasons were cited and explained:

- 1) My history of prior intelligence work for the United States Government (CIA).
- 2) My 21 year background as a Court Officer and experience in the legal workings of the legal system plus my record for valor and courage as a peace officer. (2 medals of valor & 3 Meritorious service awards). I was the ideal person for this.
- 3) Plus my activity in local politics (I hadn't been active in the Conservative Party for 12 yrs) which gave me access and insight into political activities and leaders.
- 4) My reputation for honesty, integrity and meticulous research with other researchers in the nation some of whom were already into the Israeli/CIA network.

I was the steady, reliable pillar of the community that they were looking for.

They had tried approaching Bill Knell (a disreputable researcher who runs a bootleg audio video tape scam and has no standing in the research field) and he was true to form. He had taken them for 50,000 dollars and did nothing for them in return. He was and is a flim flam artist.

Pg 10

After the meeting both Joe and Sal left. A few days after this, Mazzuchelli would move in with me and be my only guarded and protector. For the first time since I had left the court system I went upstairs to my gun safe and removed several of my hand guns. I hadn't carried a gun (even though I had a full carry permit) since I had left my job as a Court Officer. Wherever I went I had at least two guns on me at all times. For the first time since I was a child I was genuinely frightened.

Why Was Mazzuchelli Arrested?

Mazzuchelli was arrested on armed burglary was sent dating back to a 1992 burglary. The reason for the arrest would be that his co-conspirator was now working as an FBI informant and had given them the information. This was at the urging of heg. Fred Towel who wanted something on Mazzuchelli to find out why he was associating with me and Hill. Also the D.A. and the Police wanted to know why I bailed him out. This information was given to me from a CIA source. Mazzuchelli has confirmed part of it. It will play an important part in things to come.

Mazzuchelli's Cover

Joe Mazzuchelli was and is in the lexicon of intelligence work a deep cover, deep penetration agent. Besides his training as an agent and a assassin/bodyguard, he posed as an expert auto mechanic (which he is) and worked as

Pg 11

a professional Police informer for SCPD and the D.A.'s office. His role in this whole could be described as a double-triple agent. He is quite capable and is professional in every conduct of this operation.

Gazzola & Powell.

About two years before this, Anthony Gazzola on request of John Powell approached Mazzachelli to have me killed because of the turmoil the South Haven Park case caused local government officials. Mazzachelli contacted Israeli intelligence to see what he should do, they told him to turn it down. This story was related to me by Mazzachelli and Brigadier General Saul Goldstein of Israeli intelligence - at a brief meeting and briefing -

Enter Arthur Warren Klein

Before Mazzachelli revealed his true identity I received a phone several weeks prior to this from an attorney representing a Manhattan based law firm whose client Arthur Warren Klein wanted to speak to me concerning a UFO related incident involving his granddaughter who was 18 years old. The attorney said Mr. Klein was a very wealthy financier and investment broker who was referred to me by Bud Hopkins (Bud Hopkins denied any contact with the man) and he requested that I make myself available in several days to meet him and his granddaughter at his Southampton Estate. A limousine would arrive and pick me up and take me to

Pg 12

The meeting place.

Somewhat alarmed, I called Steve Tavarone and Tony West on the executive committee who expressed concerns for my safety and the nature of the clandestine meeting.

Mazzuchelli who had instructed me to go and keep the meeting since I had already agreed to it (It would be the following Monday) and it would find out who his attorney is and who Arthur Warren Klein was.

The following Monday afternoon at 1:00 PM, a limousine drove up in front of my home and a white chaffeur came up the walk and rang my door bell. After informing me who he was from I proceeded to the car and went out East on Sunrise highway. The windows of the car were unusually dark tinted to the point one would draw the conclusion that it was meant to prevent one from seeing out rather than to prevent harsh sunlight from coming in. One would think it was to prevent you from seeing where you were going.

When we arrived out at Southampton (it could have been West Hampton for all I know) it was in front of a very beautiful Mansion (the house had at least 12 rooms) with a meticulously manicured lawn and shrubbery.

I was led inside the mansion into a living room that was furnished with very expensive furniture and antiques. A moment later a butler (a real life butler!) ushered me into the back to the sun room in the rear of the house.

Pg 13.

Those seated in the room were three men. One was John Gallagher the attorney; one was Arthur Klein and his son Robert Klein. Arthur was a man I would say at least in his late sixties or early seventies, he was also very dark complexion and so was Robert Klein. They did not look Jewish, but more Italian.

Mr. Klein began. His granddaughter was taken by a UFO and the experience was a very frightening one for the young lady (she was 16). She and her parents live in Arizona. She was taken from the house at late at night (a landing circle supposedly was found near the house) and examined by her alien captors. All the hair on her body including eyebrows + lashes plus her body hair and pubic hair was shaved clean. She was found wandering stark naked in the Arizona desert by the Police. On her body were six circular welts around her navel.

Two shown pictures of her. A very pretty girl who had been shaved bald. Another picture showed the welts around the navel. It looked to me as though she could be the victim of the abduction phenomena as I explained to both Arthur and Robert Klein. I would need to interview the girl, have ^{her} examined by both a doctor and a psychiatrist to ~~check~~ determine the authenticity of her medical condition.

Mr. Klein said it would be set up for me to look at her at a later date, but he only wanted me to deal with her and no other persons from the organization.

Pg 14

Arthur Klein then changed the subject and directed it to the organization and its size direction and goals. He said he was impressed by the work we did and wished to make a generous donation.

He then asked his attorney John Gallagher to hand me an envelope. I took it and looked at the inside. There was a certified check made out to KLLFDW for ten million dollars. I gasped. I didn't know who these people were or who they represented. They could be Israeli intelligence or they could represent the Mafia for all I knew.

I politely declined the offer saying my trip to Mr. Klein's ~~office~~ home was purely an unselfish visit and a cordial visitation. I told him before I could take the money I would have to talk it over with the members of our executive committee. I thanked him for the offer and rose to say I had to leave because I had an appointment later that afternoon. Mr. Gallagher gave me his office card. It was the name, address and phone number of a Manhattan law firm. He said he would call me.

Later that week he did call me to ask me to reconsider the offer. I turned him down (the other members of the executive committee smelled a rat) again. Some weeks later out of curiosity I called Gallagher's number. It was not working and when I called the information operator to check on the phone number I was told there was no such law firms listed in Manhattan.

Pg 15

To this date, the nature and purpose of that meeting remains a mystery. No one, even Mazzuchelli and Sal, could give me an answer as to who Arthur Klein was or who he represented. I personally feel it was a test by Israeli intelligence to see if I could be brought by ~~some~~ someone else. As Mazzuchelli said, "we have another player in the game." Who that player is we will never know.

It Starts to heat up

After the Klein affair Mazzuchelli who was now living with me as my body guard arrived back at the house and informed me that he had received an intelligence report that Gazzola had contracted with two local crack addicts to have me killed. He had paid them \$10,000 a piece to either put me permanently in the hospital or kill me, Gazzola really didn't care what they did.

The Israelis were on it I was told. One of the junkies a Francis Revoli who lived in Rankankoma was going to the hospital for a while. The other one who lived in East Patchogue would be gotten to and put in the hospital with his buddy.

I was told to go and keep my normal routine and not to get involved with the operation. I was not to get involved in any type of activity that Mazzuchelli and the Israelis were to do. They were here to protect me and keep me from harm.

Pg 17

to his advantage to accomplish what he couldn't do himself. He was informing on certain Drug dealers who he knew had ties to Anthony Gazzola.

It was explained to me that Gazzola was selling protection to drug dealers in the area for a cut of their profits. This didn't strike me as odd because anyone who knew Gazzola knew he had ties to the Mafia and also to the most corrupt element of the County Republican Party.

Mr. Gazzola had a very bad reputation. For years I and other local Conservatives opposed his leadership in the Brookhaven Town Conservative Party. He had used every shady and illegal trick to keep control of it even when he didn't have any majority support left in the Party.

He had been a NY City Police Detective who was asked in 1970's to resign by the Knapp Commission for alleged ties to known Mafia figures and to alleged duplicity in the transportation and distribution of smuggled narcotics in the NY area. None of the charges were filed against him since he agreed to resign.

He did for a number of years run a Prostitution Ring in North Bellport and East Patchogue areas. I know a woman (Mrs Peggy Eckert) whose 16 year old daughter (a runaway) in the early 80's who was forced into prostitution by Mr. Gazzola. He also ran numbers for a Paul Saulie who was a big numbers man in the Patchogue

Part IV

Pg 18

area. He and Paul were good friends and were also tied to politics.

During the years Gazzola made a lot of money out of crooked politics by having most of his family employed in political patronage jobs. He was the legislative assistant to Assemblyman Bill Bianchi (who was rumored to have ties to local mafia), a liberal Democrat who Gazzola had forced on the Conservative line for patronage purposes. With the NRA and local conservatives help, he was defeated and replaced by a Conservative Republican of good character.

In 1995, the South Shore Press edited and owned by Branford ran an article dealing with the shake downs by Mr Gazzola using his position as Chief Investigator of Code Enforcement for Brookhaven Town, of businessmen in Massie and Klaskie Beach for protection money. Gazzola never publicly refuted the charges to this day. The Suffolk D.A.'s office never prosecuted Mr Gazzola.

The Meetings That Never Were

During my interaction with both Mazzachelli and Sal plus the Israelis (I met at least four of the Israeli Special Forces who were guarding my house at night) I was told the meeting with the higher ups and the money transfer were to be on such and such a night. During all these proposed dates the appointments were always canceled for some obtuse reason or another. No meeting ever occurred and Mazzachelli always had a reason for it.

Pg 19

Mazzacchelli Had No Money

From the moment I met Mazzacchelli until the night of the arrest, the man had no visible means of support. He had no money except for what he borrowed from friends and from me.

His explanation was due to the fact that he had exhausted the funds the Israelis had given him for the operation and as a result had to beg, borrow and steal.

He borrowed thousands of dollars from me. He ran up a \$1300⁰⁰ hotel bill on my credit card and also used my cellular telephone over three months running up a 2400⁰⁰ bill. It was never ending drain on my fixed disability income.

As I reflect now, it was a subtle campaign to destabilize me, but due to my state of mind (I was in deep depression from my mother's death) I was easily manipulated and used for his purposes.

More Assassination Attempts

The tempo began to build during the end of March into April. The politicians now had help from the branch of the CIA which was tied to Majestic 12 and the coverup. They were now planning attempts with the aid of professionals.

① As per instructions I was to continue my daily routine and not get involved. Joe said that Israeli agents would follow me for my protection whenever I would go to the Doctor's or for therapy for my back condition.

Part IV

Pg 20

which required three visits per week at Doctor Daniel Shapiro's office on North Ocean Ave in Park Ridge.

One Doctor's visit I was to go this day in the afternoon to Doctor Ruth Diaz in Hauppauge for my monthly visit.

While traveling West bound on Sunrise Highway I proceeded along in my pickup truck when I noticed a light tan late model Chrysler New Yorker tailgating me (It was not my usual tail which was a late model Nissan) and race around me speeding ahead of me faster than the speed limit. I turned off the Highway at the Nichols Road exit to proceed north to catch the L.I.E.

An hour and a half later, I returned from my visit to notice that at the overpass below the car that had been following me before had collided with the pillar of the overpass and there were emergency vehicles there in abundance.

That night I remarked about the incident to Joe. He told me that I was being followed by an assassin hired by the politicians who was to ambush me at Sauvet Mall that afternoon if I should go there. He was armed with a AK-47 and instructed to kill me. Israeli agents in another car had forced him off the road into the pillar causing his death.

Joe told me they knew it was planned, but didn't alert me since he knew that afternoon

Part IV

Pg 21

I was going to Doctor Diaz's Office
not the Sunset Mall.

②

Get Out of the House

About a week later going into April, Mazzuchelli arrived back at my house in the late afternoon. He stated they had received information that 4 agents had been despatched from Washington to assassinate me and Preston Nichols.

He instructed me to feed the dogs and lock up the horses. He also instructed me to carry two handguns and take a shotgun with me.

He drove me over to Preston's house where we met Preston Nichols. Preston had received a phone from a local politician - Joe Petito who alerted him to the threat.

On the orders of Joe Mazzuchelli Preston and I drove up to Albany that night via the thruway and back down by alternate route. When we stopped at one rest stop and went in, we came out a half hour later and found the VAN unlocked and the alarm disarmed. Inside the radio had been pulled out. Upon inspection Preston noticed that it wasn't the same radio, but a similar one.

Preston had suspected for some time that there was a transponder in the radio. He remarked that the Israelis mustn't be tracking us now because they took the transponder equipped radio out and replaced it.

Part IV

Pg 22

Preston and I arrived back on the Island about 5-30 a. m.. Shortly after I went into the house Maggachelli showed up in my pickup truck. He came inside and talked to me informing me that he and Sal had stalled out my horse while a detail was at Preston's house. He said that they had intercepted the four agents, he said they were sent up from Langley and they were friends sent to help I guard Preston and me. We laughed and turned away and went inside to go to bed. Turms dead tired.

(3) From behind the house they came ---
Toward the end of April one evening Maggachelli and Sal arrived to tell me to stay inside the house and to keep the dogs out of the yard. I asked why. Turms told that a team of assassins (4) were on their way to hit me from the rear of the house. As they left, I locked and bolted the door and went into my bedroom and grabbed two 38 revolvers and a AR-15A2 automatic rifle with a telescopic sight.

About an hour later, while sitting in my den watching cable T.V. I started to what I first thought were explosions from Cucci's fireworks factory 1/2 mile away. As I turned off the T.V. I saw that the dogs were excited as if they sensed danger. I started to hear rapid explosions like someone had set off a string of fire crackers but I recognized

them for what they were, being an avid gun collector for thirty years, they were automatic weapons fire.

I shut off all lights in the house and went to the back door and set off the backyard lights which illuminated the entire backyard. There was still individual reports going off then silence. No one was there in the yard it was empty.

I looked around outside with the rifle at my side, still no one and no more shots. About twenty minutes later, Mazzucchelli and Sal showed up at the door. I let them in while I turned on the lights.

The two of them had 9mm automatics in their hands. They told me the Israelis had stopped and killed 4 assassins about 200 yards back in the woods on the dirt road behind the development.

There was a brief fierce firefight and they were all killed caught in an ambush by surprise. I was told not to go outside stay indoors in case there was any further threats.

Later I learned from Mazzucchelli they had learned from contacts and wire taps that the assault was planned. The ambush was planned to catch them. The 4 of them were armed with magnum revolvers and Mac-10 Machine guns. I was lucky the Israelis were there, they saved my life.
